Waleed Faisal Qasim Qaed

IT Specialist | Network Engineer | System Administrator

Phone: +966 537678211 | Email: eng.waleedf.ksa@gmail.com | LinkedIn: [linkedin.com/in/waleedfaisal/]

PROFESSIONAL SUMMARY

A highly experienced technical support specialist and a meticulous, organized network engineer with three years of experience providing Tier 1 through Tier 3 support in fast-paced IT environments. Possesses strong skills in troubleshooting hardware, software, and networks; managing service requests; and ensuring complete customer satisfaction through effective communication and problem-solving. Well-versed in ITIL processes and remote support tools. Experienced in designing, implementing, and maintaining secure, reliable network infrastructures and wireless networks. Proficient in configuring routers, switches, firewalls, and VPNs, as well as monitoring network performance and resolving connectivity issues to ensure efficient, continuous system operation.

CORE COMPETENCIES

- End-User Support & System Administration
- Network Troubleshooting & Configuration
- Ticket Management & Documentation
- Active Directory & Office 365 Administration
- Routing, Switching & VPN (Cisco, Mikrotik)
- Network Security Fundamentals
- Strong Communication & Team Collaboration

TECHNICAL SKILLS

Technical Support: Proficient in providing help desk support and remote support.

Network Configuration: Experienced in configuring and managing LAN, VLAN, and routing protocols (RIP, OSPF, EIGRP)

Infrastructure Services: Skilled in DHCP and DNS setup and troubleshooting.

Security: Firewalls, VPN (Site-to-Site & Remote Access), Network Protection Fundamentals.

Operating Systems: Proficient in installing and troubleshooting Windows, Linux.

VPN & Branch Connectivity: Proficient in configuring and managing VPN networks to securely connect company branches using DrayTek routers.

IP Telephony & PBX: Experienced in configuring and managing Grandstream PBX systems and establishing connections between company branches.

Productivity Tools: High proficiency in the Microsoft Office / Office 365 suite and Excel for data analysis and reporting.

PROFESSIONAL EXPERIENCE
